

Mobile Spray Rigs

INTECH *EQUIPMENT*
& SUPPLY

Mobile Spray Rigs

- Industry leading service, leveraging years of design and assembly. Our World Class Technical Team has over 250 years of combined experience. Founded in 1995, INTECH Equipment has built hundreds of Mobile Spray Rigs for Commercial Roofing and Insulation Contractors worldwide.
- Our Spray Rigs are configurable systems that include everything you need to spray open or closed cell insulation foam or roofing foam and coatings.
- INTECH Mobile Spray Rigs are built and assembled in Arizona, California, Missouri, Arkansas. Depending on the customer location and logistics, we can assemble them at any of our branch locations.
- Each Location is a full service facility providing repairs, maintenance, warranty, and technical assistance.
